

Zazu

Zazu is the ultimate spirited jazz ensemble. They always set the perfect mood. They can create a backdrop for your most extravagant event or perform center stage in a festive concert setting.

Their music pays tribute to the legendary song writers throughout the history of jazz: Antonio Carlos Jobim, Sonny Rollins, George Gershwin, Miles Davis, Charlie Parker, and many more.

Zazu is completely self-contained, providing its own P.A. system, break music, and ambient stage lighting. The group performs in coats and ties, tuxedos, or Caribbean pool side attire.

Zazu was created in 1989 by Ron Kopf, who is well known throughout Central Florida for delivering top-notch performances that fulfill clients' highest expectations.

The group performs as three to six pieces and a female vocalist can be added...
